

VILLAGE OF LOREBURN
NEWSLETTER FOR RATEPAYERS

Please be aware that the Village of Loreburn has allowed Kevin Cote to deal with the coyote issue within the Village of Loreburn. He is allowed by us and the RCMP to shot coyotes within Village limits. A good way to deter coyotes from coming onto your property is to make sure that if you have cats and/or dogs, that you do not leave food out for them outside. This issue may take a while to resolve and we ask for your patience.

In mid-December, the Village of Loreburn upgraded the computer and programs for the Village. An error was made in the Utility Billing Program so that residents were undercharged for their water usage for the December 30th billing. This error has now been corrected and the adjustment will be added to the January 31st billing. Sorry for the inconvenience.

The Village of Loreburn now has a website! Please look us up at:

www.villageofloreburn.ca

This website is still under construction...so there may be things to correct. Also, the community calendar option isn't running yet, so if there is a community event that you would like information on, please contact Brandy at the Village Office and she will try to help you out. Please let us know what you think and if there is information missing that you would like to see!

Thank you so much

Village of Loreburn Council
